## Sustainable transport measures

### Actions:

- i. Provide electric car recharging stations and car sharing spaces for building users

### Electric car charging

Electric car recharging stations must be a minimum of **3kW for at least 10%** of the total car parking capacity for the development.

### Car sharing spaces

- Set up a **car sharing group or facility** to facilitate and encourage building users to car share
- **Raise awareness** of the sharing scheme with marketing and communication materials
- Provide **priority spaces** for car sharers for at least **5%** of the total car parking capacity for the development
- Locate priority parking spaces **nearest the development entrance** used by the sharing scheme participants
